📍 Kolkata, West Bengal-700054

SUMMARY

Motivated and adaptable individual with a strong academic background and a genuine eagerness to learn. Brings effective communication, teamwork, and problem-solving skills, with a focus on contributing positively while developing professionally. Known for being dependable and quick to grasp new concepts, with the ability to work well under pressure. Dedicated to continuous improvement and building a meaningful career with long-term growth.

EDUCATION

Heritage Institute of Technology

Bachelor of Technology, Applied Electronics and Instrumentation Engineering | 8 DGPA

Aug 2021- July 2025

Kolkata, West Bengal

Salt Lake Point School

Higher Secondary School (ISC) | 88.25%

April 2020- July 2021

Kolkata, west Bengal

Salt Lake Point School

Secondary School (ICSE) | 74.6%

April 2018-May 2019

Kolkata, West Bengal

EXPERIENCE

Prime-Tech System and Solutions

Automation intern

June 2024- July 2024

Kolkata, West Bengal

- Developed and tested a **PLC-SCADA based mini water management system (PAC Machine Edition v9.8 software, Cimplicity v10.0)** for automated monitoring of tanks.
- Achieved **30% reduction in manual intervention**, improving system efficiency and reliability.

Prodigy InfoTech

Web-development intern

June 2024 - July 2024

Remote

- Developed 4+ front-end projects (**stopwatch web application, tic-tac-toe web application, personal portfolio website, responsive landing page**).
- Strengthen practical skills in **HTML, CSS, JavaScript**, delivering responsive and interactive designs.

Jai Hind Jal Prakalpa Water Treatment Plant

Industrial visit

March 2023

Kolkata, West Bengal

- Observed real-time plant operations including **filtration, sedimentation, and chlorination**.
- Gained practical understanding of water testing and distribution for **safe water supply**.

SKILLS

- Programming Languages:** Java, C, Python, SQL, HTML, CSS, JavaScript.
- Libraries and Frameworks:** Pandas, NumPy, Matplotlib, Seaborn.
- Tools and Platforms:** Excel, Power BI, PyCharm, Jupyter Notebook, Visual Studio Code.
- Industrial Automation:** PLC, SCADA.
- Soft Skills:** Communication, Time Management, Flexibility, Leadership.

PROJECTS

Paris Olympic 2024 Analytics | Power BI, SQL, Excel | [LINK](#)

September 2025

- Built an **interactive Power BI dashboard** using athlete participation, gender ratio, and sport-wise performance data from Kaggle and SQL queries, enabling **KPI tracking such as medals by country, sport, event** and improving analytical accuracy by **35%**.
- Designed custom visuals **with slicers and DAX measures** to streamline decision-making, improving report usability and efficiency by **40%**, while reducing manual analysis time by **25%**.

Green energy based electric vehicle charger

May 2025

- Designed an eco-friendly electric vehicle charger powered by solar energy, utilizing a boost converter, **4S BMS and 3.7V lithium-ion batteries**.
- Developed a sustainable and portable charging solution ensuring safe energy storage, regulation and distribution.

Home based affordable non-invasive cystic fibrosis detection system

April 2023

- Developed a low-cost, non-invasive system for early detection of cystic fibrosis using accessible technology and sensors.
- Enhanced patient care through real-time monitoring and improved diagnostic efficiency.

ACHIEVEMENTS

- Member of ISOI, GDSC, NSS, Science Club.
- Participated in 6th and 7th inter college competition on Prototype design for mankind (ICCPDM).

CERTIFICATIONS

- Artificial Intelligence (AI) Foundations for Developers Certificate** – [LINK](#) September 2025
- Deloitte Data Analytics Job Simulation Certificate** – [LINK](#) September 2025
- Tata GenAI Powered Data Analytics Job Simulation Certificate** – [LINK](#) August 2025
